Two-day Jackfruit Festival begins

Mysuru, Aug. 6 (RK&BNR)- A two-day Jackfruit Festival began at Nanjaraja Bahadur Choultry on Vinoba Road in city this morning with people tasting the fleshy fruit and packing home their favourite variety from nearly 30 stalls put up at the venue.

Farmers and women groups from various places including Tumakuru, Gubbi, Mudigere and Mangaluru have put up their stalls at the Fest that introduces red, white and yellow fleshed fruits, which are exclusive for their taste, shape and firm bulbs.

The Festival features popular value-added products like jack ice-cream, jams, squashes, papads, halwa, kabab, holige, jafi and many more.

For those interested in cultivating jackfruit trees, a variety of saplings including that of Rudrakshi halasu, Siddu kempu halasu, Bairachandra, Sarva Tuthu, Shankara, Varada Sree, Tubagere halasu, Thai red, Vietnam super early, Gumless jack, Nagachandra and Lalbagh Madura are available for sale.

Apart from different kinds of Jackfruits, the Festival will have millets, pulses, organic seeds, desi rice, various organic fruits and vegetables, cold pressed oil and value-added products on display and sale.

Jackfruit Ambassador Shree Padre's book *'Alakshita Kalpavruksha Halasu; Bhavishyada Bele'* is also available for sale.

Vice-Presidential election: Polling underway

Result by late this evening

New Delhi, Aug. 6- The voting process for the next Vice-President of India began this morning as MPs will choose a candidate from NDA's Jagdeep Dhankar and Opposition's Margaret Alva.

Vice-President Venkaiah Naidu's term will end on Aug. 10.

According to reports, Dhankar is expected to have an easy win as the numbers may be stacked in his favour. Dhankhar is in an advantageous position with the support of several parties like Janta Dal (United), YSRCP, BSP, AIADMK and Shiv Sena. He is likely to get over 515 votes against Margaret Alva's speculated 200 votes.

The 80-year-old Alva is a Congress veteran and has served as Governor of Rajasthan while the 71-year-old Dhankhar is a Jat leader from Rajasthan with socialist background.

The polling, which began at 10 am concludes at 5 pm and the ballots will be counted immediately after that. The Returning Officer will announce the name of the next Vice-President by late this evening.

The Festival, organised by Sahaja Samrudha - Organic Farmers Collective, in association with Rotary Club of Mysore West, SWISSAID and FiBL, will be open for public from 10 am to 8 pm today and tomorrow.

Tomorrow (Aug. 7), there will be a Jackfruit Food Competition at 12 noon and Jackfruit Eating Competition at 2 pm at the venue.

EDITOR'S BOTTOMLINE

The call by Home Minister Amit Shah last week for engineering, law and medicine to be taught in Indian languages is a well-intentioned one. His stand is in sync with one of the focal points of the National Education Policy (NEP) 2020, that is, the promotion of Indian languages in higher education. The NEP provides for more higher educational institutions and programmes in higher education to use the mother tongue or local language as a medium of instruction, besides offering programmes bilingually.

While there is no need for haste in making educational materials available in Indian languages, the approach and methodology should be discussed threadbare by policymakers and educationists, without political pressure or interference. What should be made obvious is that the use of English, wherever desirable, should be retained, with no aversion shown on the ground that it is a "foreign" language. It would not be out of place to highlight issues about standards and the quality of teaching of Indian languages in schools. Be it Gujarati or Hindi or even Tamil, students have been found to fail in their public examinations in language papers. There is also the point of diminished employability outside the region of the language. If the Government is serious in taking forward its stated position of creating higher education access to certain sections, it should dispassionately study the advantages and the disadvantages. — In The Hindu

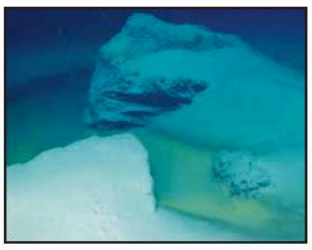
Deadly Pool at Bottom of Ocean



Miami: Scientists from the University of Miami have discovered a lethal pool at the bottom of the Red Sea that kills anything that swims into it. As per research, the brine pool was uncovered 1.7 kilometres beneath the surface using a remotely operated underwater vehicle. The scientists came across the deadly pool during the last five minutes of a ten-hour dive.

The researchers explained that a brine pool is a depression in the seafloor that is filled with highly concentrated salt water and other chemical elements which is saltier than the surrounding ocean. They said that these underwater pools can stun or kill animals and even pickle them alive.

Researcher Sam Purkis, a lead researcher described any animal that strays into the brine is immediately stunned or killed.

The lead researcher stated that the discovery of such pools could help scientists work out how the oceans first formed on our planet.

Changing tyre on a moving car

Italy: A pair of Italian men broke an unusual Guinness World Record by changing a tyre on a vehicle while it was in motion.

Guinness World Records announced driver Manuel Zoldan and tyre-changer Gianluca Folco captured the record for fastest time to change a wheel on a car while driving when they achieved the feat in 1 minute and 17 seconds on the set of Italy's Lo Show dei Record.

The video of the attempt shows Zoldan drive the car, a BMW 3-Series onto a ramp that flipped the vehicle onto two wheels, allowing Folco to hang out of the car and quickly change the tyre while the vehicle continued to move.

Guinness said the duo beat the previous record of 1 minute and 30 seconds.

REALLY...?

- ***The wood frog of North America actually freezes in the winter and is reanimated in the spring. When temperatures fall, the wood frog's body begins to shut down, and its breathing, heartbeat and muscle movements stop. The water in the frog's cells freezes and is replaced with glucose and urea to keep cells from collapsing. When there's a thaw, the frog warms up, its body functions resume and it hops off like nothing ever happened.***

Four spiritual paths and four pillars of democracy

Sir,

This refers to KBG's *Abracadabra* titled ***"Swami Vivekananda's vision for future of India, as I understand -1"*** in yesterday's *Star of Mysore*.

Just like Swami Vivekananda gave four spiritual paths for our salvation, after Independence the Constitution has given four pillars to our country to stand firmly on them democratically so that all Indians enjoy the fruits of freedom equally.

Sir,

KBG's *Abracadabra* titled ***"Swami Vivekananda's vision for future of India, as I understand -1"*** in yesterday's *Star of Mysore* made an interesting read.

I was reminded of the famous saying *"Ninnannu neenu tilidiko/ tiddiko, ade neenu jagattige maadabahudaada dodda seve"* by Swami Shivananda.

I was also reminded of Swami Vivekananda's famous saying that, "So long as the millions live in hunger and ignorance, I hold every person a traitor who having been educated at their expense, pays not the least heed to them."

MONKEYPOX: KEY FACTS YOU SHOULD KNOW
Monkeypox is a viral disease very similar to the once dreaded smallpox that was thankfully wholly eradicated from the world in the year 1980. Until recently, monkeypox was a disease in the tropical rainforest areas of central and west Africa, but it is now being seen in many other non-endemic regions. It is caused by a virus similar to the smallpox virus, but thankfully, it is a much milder, less dangerous and less contagious disease than smallpox. Monkeypox typically presents clinically with malaise, body ache, fever, rash, pustules and swollen lymph nodes. It is usually a self-limited infection with symptoms lasting from 2 to 4 weeks, although occasionally severe cases can occur. Most patients recover with just supportive medical care. The virus is transmitted from one person to another by close contact with body fluids, respiratory droplets and contaminated materials such as bedding and blankets. Vaccines have been developed, of which one has now been approved for its prevention. An antiviral agent has also been licensed for the treatment of monkeypox, and its efficacy seems promising.

Maharaja Trophy KSCA T20 Cricket Tournament

Battle Ready Warriors

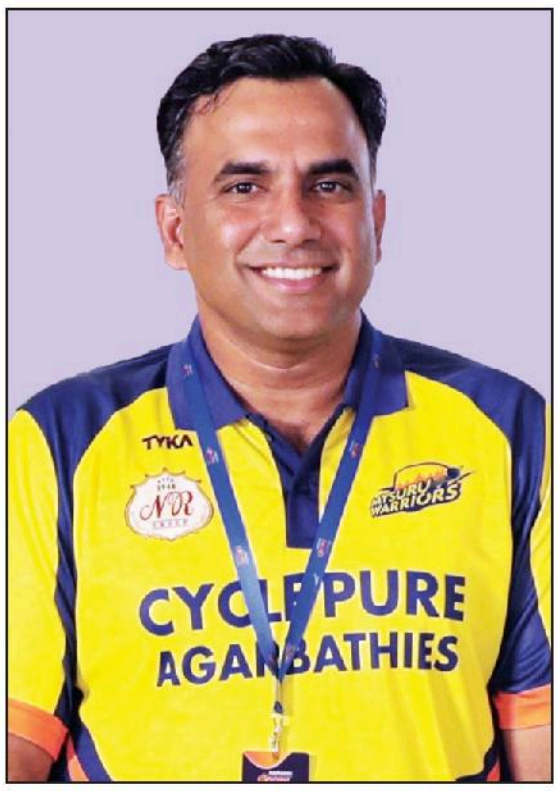
The much-awaited Maharaja Trophy KSCA T20 Cricket Tournament will commence at Srikantadatta Narasimharaja (SDNR) Wadiyar Cricket Ground in Mysuru tomorrow. The three-week T20 extravaganza, organised by Karnataka State Cricket Association (KSCA) in memory of late Srikantadatta Narasimharaja Wadiyar, the former President of KSCA and Maharaja of Mysore, will be inaugurated by Pramoda Devi Wadiyar at 2 pm on Sunday.

The tournament will open with R. Samarth's Mangalore United taking on Abhimanyu Mithun's Hubli Tigers in the 3 pm game on Aug. 7. The second game of the opening day pits Karun Nair's Mysuru Warriors against K. Gowtham's Shivamogga Strikers.

A total of 18 matches will be played in Mysuru from Aug. 7 to Aug. 15 and the remaining matches including the final will be played at the Chinnaswamy Stadium in Bengaluru from Aug. 17 to Aug. 26.

On the eve of the inaugurals, *Star of Mysore (SOM)* caught up with the tournament sponsor, coach and captain. Now read on...

We have a well-rounded team



The N.R. Group, the makers of Cycle Pure Agarbathi, have been supporting cricket since 2004. The company has been one of the leading sponsors for international cricket tournaments. It now sponsors the Mysore Warriors Team. Managing Director Arjun Ranga tells *Star of Mysore* that he has immense hopes for the team this year considering its good composition and overall balance. *Excerpts:*

SOM: This year, the Karnataka State Cricket Association (KSCA) has changed the name of the Cup to Maharaja Trophy T20 Tournament. Any thoughts on this?

Arjun Ranga: I think you should ask the KSCA that question. But what I understand is that the tournament has a three-year tenure and they keep renewing the tournament every three years. It has already been nine years and I feel that the KSCA intends to honour Srikantadatta Narasimharaja Wadiyar, who died on Dec. 10, 2013, just a week after reclaiming the post of KSCA President. Also, he has done so much for cricket and his contributions are invaluable.

SOM: How is the morale of Mysore Warriors this time?

Arjun Ranga: Team morale is good in the sense that the time available for typical team-building activities and practice was limited as the team was only picked up on July 31 and the matches start from Aug. 7. Usually, we have about 20 days with the team and this time, we have had a short time and of that, three days were washed out by rains and there were no practice sessions. But what I understand from the coach and the captain is that all the boys have been playing in the T20 tournament and all are cricket-ready.

Team building activities are going on now with the coach and the captain; and our captain Karun Nair is experienced. He is bringing a lot of value and understanding to the youngsters. All the senior cricketers we have are very professional and we have a heady balance.

SOM: I suppose the players will better gel with each other once the matches start.

Arjun Ranga: Yes. Because it is a long tournament and there are many matches. Typically, what would happen is that each team would play the other only once — five matches and many days in between without games that would extend to five to six days. This time around, the players will have to play two matches each and each team is playing with the other teams twice. Consequently, we get a lot more matches to play — 10 matches in the League Stage itself.

SOM: Even Tamil Nadu has hosted a similar kind of the tournament — Tamil Nadu Premier League (TNPL). How do you compare that with the Maharaja Trophy T20 Tournament?

Arjun Ranga: The Karnataka T20 League was the first one that was started and because of this as you know that at one point in time there were almost 14 players in the IPL. Tamil Nadu then took a lesson from Karnataka and they too started the league. And now you see even from TNPL Natarajan has come, Masood Shahrukh Khan and Jagadeesan are there and we have seen a lot of good cricketers coming from smaller towns in Tamil Nadu. Sai Sudarshan as well.

What these tournaments — Tamil Nadu Premier League and Maharaja Trophy T20 — do is that they create IPL ambience at a local setting and expose the experience and skills that the youngsters should get in order to make the cut. Some of the players really flourish in such tournaments and we have this seen in the past. And some of them will realise what they need to improve upon. I see it as a good testing ground for young cricketers. All the main selectors and the stakeholders of big IPL teams will be watching these matches — the visibility of the players is significant.

SOM: As the Mysore Warriors sponsor, what can you say about the team composition this time?

Arjun Ranga: For the first time, the KSCA has come up with a new and unique model where they have team sponsors and not team owners. It's not the franchise model. As a sponsor, we had no role in team selection and the selection was done by the KSCA. I only got to know who my team is only after the selection is over. They had a drafting system this time and the KSCA appointed the selector, coach and assistant coach for the team. I had no choice in that.

But after the team was put in place, I see that they have picked a very well-rounded team. It is a good mix of experience as well as youth and all potential State and National cricketers are in the team.

The team is raring to go: Coach Shashikanth

P.V. Shashikanth is the head coach of Mysore Warriors. Hailing from Mannagudda in Mangaluru of Dakshina Kannada District, he is an Indian former first-class cricketer who played for Karnataka from 1987-88 to 1996-97. He captained Karnataka to victory in the Moin-ud-Dowlah Gold Cup Tournament in 1994 and in 1996-1997 he won the Irani Trophy for Karnataka against the Rest of India. In April 2017, he was appointed head coach of the Karnataka Senior Team and in 2018, he was appointed as the coach of the Mizoram Cricket Team by BCCI.

He has worked very closely for almost 4 to 5 years with the current Indian players such as K.L. Rahul, Prasid Krishna, Manish Pandey, Mayank Agarwal, Abhimanyu Mithun and a host of others. He has also worked as the assistant coach in the developmental squad for Royal Challengers Bangalore. He spoke with *Star of Mysore* about the team and its prospects. *Excerpts:*

Star of Mysore (SOM): As an experienced coach, how do you rate the Mysore Warriors team?

Shashikanth: It is a blend of both experienced as well as young talent. We have the likes of Shreyas Gopal, Shubhang Hegde, Pratheek Jain, Lochan Appanna, Nithin and Vidhyadhar Patil and others who have already made a mark in test cricket and KPL and we have also the youngsters who have really done well in the recent T20s. We hand-picked them in the draft. We have an exciting talent — batsmen, fast-bowling and spinning all-rounders, off-spinners. All of them are doing well in their respective departments and the team morale is at an optimal level.

SOM: With rain disrupting team bonding and practice sessions, how are the team members gelling with each other?

Shashikanth: Unfortunately, we had no time for bonding and practice due to inclement weather. But all are upbeat and there is a unifying spirit among themselves. I can see the hunger in them and they are raring to go, in fact.

SOM: Any strengths of the team you would like to mention?

Shashikanth: I think we have all our bases covered. Batting-wise we are really good and we have got enough all-rounders on the bowling side too. Overall, it is a heady mix of experienced players and youngsters. All of them have the passion and desire to improve every day.

SOM: How is it to coach a team like Mysore Warriors?

Shashikanth: I have been entrusted with a huge responsibility and I am confident that I will live up to the expectations. As I said on an earlier occasion, being associated with a team like Mysore Warriors serves a double purpose — being able to groom and coach some talented players and to be associated with the reason of bringing everyone together for the love of cricket.

We will put our best foot forward: Captain Karun Nair

Karnataka cricketer Karun Nair is the Captain of Mysore Warriors and he has an excellent track record. He made his ODI debut in 2016 against Zimbabwe and Test debut against England. He is the second Indian cricketer to score a triple hundred in a test match and the only third cricketer in the world who was able to convert his first century into a triple century.

Karun Nair is the current member of the Karnataka Ranji Trophy Team and captained Karnataka Senior Team and Mysore Warriors in 2017. He played for Mumbai Indians, Rajasthan Royals, India A, Delhi Capitals, Kings XI Punjab, Sunrisers Hyderabad, Kolkata Knight Riders in the IPL. *Star of Mysore* **spoke with him amidst his tight schedule.** *Excerpts:*

SOM: Can you give some insights to the team?

Karun Nair: It is a very good team and we have a good blend of all-rounders, seniors and juniors and we are looking forward to playing some good and exciting cricket.

SOM: A few words about team morale…

Karun Nair: We are the best franchise in the tournament and so we have made sure that everything is in order and the morale is high. There is a positive environment around and we are looking to perform well in the tournament.

SOM: Rain has washed out your practice sessions and there is a fear that it will rain during matches.

Karun Nair: We cannot control the weather and we just have to go with whatever we have on a particular day. But we are hoping that it will be clear weather, facilitating exciting matches. We are keeping our fingers crossed.

SOM: How have the preparations been so far?

Karun Nair: We have been preparing well and we have been playing a lot of cricket in the last month in the Leagues and we will be continuing the tempo. All teams will be looking forward to winning and it all depends on a particular day's performance.

SOM: How does it feel to lead a team?

Karun Nair: I am humbled by this responsibility. I will bring my playing experience to the team and nurture good players. This is my second year of captaincy with the Mysore Warriors, and I am positive. I am sure we all will contribute to the team's success.

SOM: Have you thought about the strengths of the team and places it needs to work?

Karun Nair: We have good batsmen and good bowlers. We are going as a well-rounded unit and as a team, we have good strength in place and we will see it once we are on the ground. As and when we play, we will get to know each other better and also our skills will be on display. If there is a scope for improvement, we will definitely do it.

SOM: Can you please explain how the selection was done without sponsors?

Arjun Ranga: This time, the KSCA followed the drafting system. It works like this: There is a pick that happens and each team gets to pick one player. And then again, every team gets to pick the first choice, the second choice. As a sponsor, I have got a very good team.

SOM: Regarding team composition would you have done something different?

Arjun Ranga: I am happy with the team. For good cricket, a team has to have a solid top order. Our top order is —Karun Nair (probably the best opening batsman) and we have accomplished cricketers Nihal Ullal, Pavan Deshpande and Naga Bharath. And then you need a solid middle order with a mix of batsmen and bowlers. Here we have batsmen and all-rounders Shreyas Gopal, Shubhang Hegde, S. Shivaraj, Bharath Dhuri and Lochan Appanna. We also have an excellent order of fast bowlers — Prateek Jain, Vidhyadhar Patil and Aditya Goyal. Overall, we are well-covered and we have a heady balance. The only thing is that they have to perform on the given day.

KPL's New Avatar: Will it work?

The Karnataka Premier League (KPL) has been rechristened as Maharaja Trophy. Not only has the name changed, but its fundamental structure is also different. The question is will this new change make it an uninterrupted tournament, unlike all these years?

Karnataka State Cricket Association (KSCA) hasn't been able to keep KPL going consistently. The League started in 2009 and then discontinued in 2011. Then it was re-started in 2014, suspended in 2019 due to COVID and later because of the match-fixing scandal. Now it has been renewed in a new *avatar.*

Not only has its name changed from Karnataka Premier League to a lengthy — Maharaja Trophy KSCA T20 Cricket Tournament, but its very nature and ownership model have changed — KPL is no longer a franchise model. It's now a sponsorship model.

Earlier, the franchise would appoint the coaching team, apart from choosing its players. Now a person or a Company sponsors a team while KSCA does everything else.

A sponsor only gets to choose the city it wants to sponsor via an application to KSCA. If KSCA accepts your application, you get it. Once your application is accepted, the KSCA invites the sponsor to participate in a lucky draw.

The process begins with two lucky draws. The first is a box containing the names of the six teams and the second box contains the names of the six coaching teams that KSCA has already put together, which includes a selector, a new addition to the coaching team, unlike in earlier years.

The process then moves to the KSCA President pulling out a team name from the first lucky draw box. This time Roger Binny picked ***Mysore Warriors.*** So, *Mysore Warriors* got to pick the coaching team from the second lucky draw box first.

After this, the sponsors are asked to leave the room, and the coaching staff headed by the selector gets to choose the players for the said team via the 'draft system'.

What is this draft system? Well, once the sponsor has picked his coaching team, this team is given the first option to choose any player. Since *Mysore Warriors* were picked first, the coaching team of *Mysore Warriors* got the first pick in the draft, and the coaching team picked Karun Nair as their first pick.

Similarly, the second team that the KSCA President picked from the lucky draw box, Gulbarga, got to choose the second player. They chose Manish Pandey. And so, the process continued for the first six player picks. This is called the first round of the draft.

In the next round, the team that got the first pick in the previous round gets the last pick, and the team that got the second pick gets the first pick.

Players at the net practice this morning at Srikantadatta Narasimharaja Wadiyar Cricket Ground in Mysuru where the Maharaja Trophy KSCA T20 Cricket Tournament begins tomorrow.

This rotation continues. There are eighteen such rounds in which six players are picked in each round, with each team picking one.

This lucky draw system is only this time, the first time. From next year, the winning team gets to pick last. This way, the team that finished last this year will get a chance to improve their team the following year by having the first pick to have the best player. This keeps all teams competitive and on a level playing field over time.

Interestingly, this new drafting system is similar to the one used by the famous American Basketball League, the NBA — National Basketball Association. The Tamil Nadu Premier League (TNPL) follows this same method. The difference is that in NBA and TNPL, the teams are franchise owned.

As KPL takes this new *avatar,* one wonders what happens to the owners who invested in these teams all these years. Many bought KPL teams, hoping that while they promoted cricket, they could also create a "property". Their team would do well, and they could get a reasonable "valuation" like IPL teams, creating a new asset. With no control over the core aspect of the team, will sponsors stay long enough?

Since KSCA is following the NBA model, why not give ownership while retaining control of the players and cricketing aspects? The TNPL is doing just that, so why not us? This way, KSCA promotes talent while the team owner promotes the team and his franchise.

What purpose does this new model serve? Earlier, the owners wanted to win, at least the professionally run ones. The ones that wanted to fix matches never wanted to win anyway.

Also, earlier owners would ensure 'meritocracy' over 'favouritism' or influence. Now, KSCA officials get to pick their favourites in the draft. Indeed, the KSCA has provided a "selector" for each team, but when the selectors' careers are in the hands of KSCA officials, they obviously will cater to their KSCA "mentors." Does this truly help the "uninfluential" local kids, the talented local kid with no godfather who needs that much-needed nudge to make it to the next level?

Maybe, this new system will create a level playing field for a team in the long run, but one fears that when there is no sense of ownership, there will be little incentive to spend on the game and players in the long run.

Worse, the city's citizens will not have a sense of belonging as there will be no players from their city nor sponsor from their city; there will be nothing for them to feel the connection which arouses a sense of loyalty to the team. There will be no "our team" feeling if we don't have "our" local boys playing.

Lucky for Mysuru, the ***Mysore Warriors*** is sponsored by NR Group, our own city's business house, who made sure there were at least 4 to 5 local boys in the *Mysore Warriors* team. This year there are two; we wonder if they will be even in the playing eleven. But how long will anyone invest in a team if they don't own it? Because if the brand building is all they want, they will divert their ad budget elsewhere, no?

The fun and festive quotient that the franchise model brings is essential. While it indeed benefits the franchise, it also benefits the grassroots cricketers immensely. If the franchise model were so bad, then IPL teams would be owned by BCCI and not by the likes of Reliance and Jindals.

Let's hope this new draft and sponsorship model does not turn KPL into another routine KSCA tournament in its calendar, or worse, render it defunct...again.

Gajapayana tomorrow: Nine Dasara elephants to arrive in first batch to Mysuru

Elephants offered puja at Dubare camp before transporting them to Veeranahosalli today

Hunsur, Aug. 6 (MTY&KS)- Gajapayana, the traditional march of elephants from the jungle camps to Mysore Palace to participate in the Dasara celebrations, will commence tomorrow morning at Veeranahosalli Gate in Nagarahole Reserve Forest.

District Minister S.T. Somashekar will flag off the elephant march in the presence of Forest Minister Umesh Katti. MPs Pratap Simha, V. Sreenivasa Prasad and Sumalatha Ambarish and Mayor Sunanda Palanetra will be present at chief guests. Hunsur MLA H.P. Manjunath will preside. MLAs, MLCs, Chairmen of Boards and Corporations and Forest Department officials will be present as guests.

Prior to the commencement of Gajapayana, a traditional puja will be performed to the elephants by the District Administration and then the elephants would be brought to Mysuru. The puja will be performed by Priest S.V. Prahallad Rao between 9.01 am and 9.35 am in the auspicious Kanya Lagna.

The elephants will march to a distance and will be loaded into trucks and brought to Mysuru.

Meanwhile, preparations have begun at Veeranahosalli Gate for Gajapayana. A large shamiyana is being erected at Veeranahosalli for the function in which various folk troupes will participate. As the Goverment has decided to celebrate this year's *Nada Habba* in a grand manner, about 5,000 to 7,000 people are expected to participate in Gajapayana function.

Of the total 17 elephants, which are given permission to participate in this year's Dasara, nine elephants will arrive in the first batch and the remaining nine elephants will arrive later. Three elephants have been kept as standby elephants and will be brought to Mysuru only if necessary.

The nine Dasara elephants, which will arrive in the first batch are: Golden Howdah carrying elephant 57-year-old Abhimanyu, 22-year-old Bheema and 39-year-old Mahendra from Mathigodu Elephant Camp, 63-year-old Arjuna from Balle Elephant Camp, 59-year-old Vikrama, 44-year-old Dhananjaya and 45-year-old Kaveri from Dubare Elephant Camp, 49-year-old Chaitra and 21-year-old Lakshmi from Rampura Elephant Camp.

These nine elephants will arrive at Aranya Bhavan in Ashokapuram, Mysuru, at about 4 pm tomorrow and will be housed in Aranya Bhavan till Aug. 10. On Aug. 10, puja will be performed to these nine elephants between 7.30 am and 6 am and will be sent to Mysore Palace, where they will be accorded a grand welcome. The Dasara elephants will enter Mysore Palace through Jayamarthanda Gate between 9.20 am and 10 am in the auspicious Kanya Lagna.

Second batch of five Dasara elephants will arrive in Mysuru 30 days before *Jumboo Savari,* the grand finale of Dasara celebrations.

The second batch of Dasara elephants consists of 39-year-old Gopalaswamy from Mathigodu Elephant Camp, 41-year-old Gopi, 40-year-old Sriram and 63-year-old Vijaya from Dubare Elephant Camp and 18-year-old Parthasarathy from Rampura Elephant Camp.

40-year-old Sugreeva from Dubare, 36-year-old Kunthi and 39-year-old Ganesh from Rampura Elephant Camp are the stand-by elephants. These elephants will stay in their respective camps and will be brought to Mysuru only if necessary.

On Aug. 11, the first batch of nine Dasara elephants will undergo weight checking and training to familiarise them on the *Jumboo Savari* route; weight lifting will begin besides putting them on special diet.

All the 14 elephants will be sheltered in Mysore Palace till Oct. 6 and will return to their respective camps on Oct. 7. The Dasara elephants will be given a warm send-off between 6.30 am and 6.45 am from Mysore Palace.

Mid-day meal workers protest over non-payment of honorarium

Mysuru, Aug.6 (MTY&TRR)- State mid-day meal workers staged a protest demanding the release of arrears of their honorarium which is being held up since May this year. The protest was organised by Karnataka State United Midday Meal Workers Association in front of Mysuru Zilla Panchayat Office on Wednesday.

"The State Government is neglecting the midday meal workers because of which they are facing hardships. The Government should immediately accept their demands and protect their interests," they appealed.

Observing that midday workers are being given very less honorarium and even that it is not being paid on time, they said the honorarium of 10 days in April, 15 days in May as well as monthly honorariums for the months of June and July have not been paid. They have appealed to the Government to release their payments every month on the due date.

The officials cite non-release of grants and other technical issues for the non-payment of dues. In the last State budget it was announced that the honorarium of midday meals have been raised by Rs. 1,000 but that too has not been implemented, they pointed out and urged the Government to take steps to protect the interests of midday meal workers.

Association office-bearers S.H. Girish, M. Umadevi, Geetha, Sowmya, Manjula, Mahadevamma, Sundaramma and others participated in the protest.

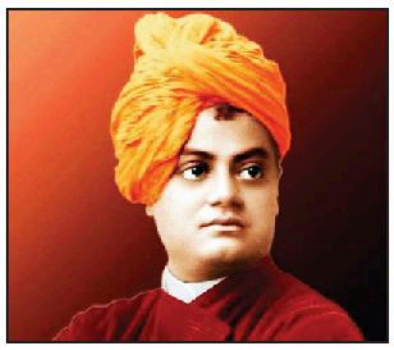
Swami Vivekananda's vision for future of India, as I understand -2

[Continued from yesterday]



Swami Vivekananda

A view of RIMSE building

Swami Vivekananda said: "Let New India arise..... Let her arise out of the peasant's cottage....., out of the huts of the fisherman, the cobbler and the sweeper. Let her emanate from the factory, from marts and from the markets and from groves and forests, from hills and mountains."

Can we not interpret this call as a call for all those people to unite, awake and arise to achieve the goal — a New India, free India? I think that was his inner voice speaking. Only, we must have understood its hidden meaning and acted.

And, of course, there were many freedom fighters who were inspired by this Hindu monk whose vision was a New India, a free India and a spiritually enlightened India to make it a **Vishwa Guru.** No wonder, Subhas Chandra Bose called Swamiji as the 'maker of modern India.' We hear our leaders talking about India becoming a Viswa Guru in the near future. I guess it is possible. Look at the famous names of Western thinkers, theologians and philosophers who were deeply influenced by our ancient scriptures and epics.

Yes, Swamiji did not leave behind a Charter, like Magna Carta, nor left a Vision Statement for developing the future India. But there is much to infer about his vision for future India from his talks, letters and activities.

He was a dreamer, rationalist and a realist. He recognised what is real or possible in a particular situation of human life. We find this in his deep concern for the teeming millions of poor in the British India whom he called *Daridra Narayana* (ದರಿದ್ರ ನಾರಾಯಣ) meaning Deprived God, if I may translate it so.

He was much disturbed at their plight and must have observed their lack of faith in spiritualism or religion from where one can derive hope, solace and moral strength to face life.

Therefore, he told his followers to take God to these deprived people through their stomach. By providing them food first, before taking religion to them. Reason was, there was no greater God than food. In Kannada language we say "ಅನ್ನ ದೇವರ ಮುಂದೆ ಇನ್ನು ದೇವರುಂಟೆ?"

It is, therefore, understandable why the great Hindu Saint Adi Shankaracharya declared *"Annam Brahmam."* Food is God. If Jesus Christ had said that 'man does not live by bread alone but also by the word of God,' Swami Vivekananda had a different take on it. Swamiji said, 'Man lives by bread. Therefore, first feed the man so that he may live, thereafter take him to God. He will then accept God and live by God's words'. Both said the same idea but differently.

He predicted that India would be free in 50 years, as I told you earlier. He also predicted about India rising to great heights. **Swamiji said ancient India was great politically and spiritually, but the future India would be far more greater, it would become Vishwa Guru, politically, economically and spiritually.** And, he said India would once again be a *"Punya Bhoomi."* A land of purity, peace, prosperity, non-violence and truthfulness. In one word, a land of Dharma. That was his vision for India.

There is also a third prediction he made which is **rather curious.** He said proletariat, serfs, Sudhras would rule Russia, China and India.

Yes, it happened with Russia in 1917, with China in 1949. But in India it did not happen though we got freedom in 1947. Of course, later in West Bengal and Kerala it happened. But being a Welfare State under democracy, we can say, Swamiji's prediction in this regard also has become true.

His two important visions for India of the future can be found in what he had to say about **women** and the evil of social order based on **caste** system. He says that in women we see the manifestation of the **Force** known as **Shakti,** strength. Our ancient scriptures say that Gods bless those families where women are happy and well-treated. Therefore, educate them as in western countries, make them free and energetic. This in short was Swamiji's vision for women of our country. As for caste restriction, he says, primarily it is grinding the poor. It must go, no matter what it takes, he said.

Sadly today, because of our electoral politics, caste is used for political, social and economic benefits. Hitherto unknown castes, castes that had already merged in the mainstream of our society, are dug out and revived as if to perpetuate this pernicious caste system for selfish interest at the cost of the national interest. It might be suicidal for the unity of Hindus and the country.

And it is my perception that people who follow Hindu religion will never be united as long as caste plays a role in every activity of a Hindu's life.

According to Swamiji, our nation was totally **lacking in the faculty of organisation because of caste division** and as a result very difficult to make a Common Cause for anything, including freedom, by Hindus. No wonder, foreign invaders found it easy to enslave the people of this country.

And today we have insiders, like inside traders in the stock market, to do what the invaders did to this country, wounding its civilisation and leaving the festering wound even to this day.

For the same reason, at the time of freedom, **United India, Akhanda Bharat,** could not be made a 'Common Cause' by the Hindus of this land.

We may not be able to reclaim or undo the history; but we should reclaim our lost heritage, civilisation and culture. The reason is that they are based on our scriptures like Veda, Upanishad, Puranas, our glorious epics like Ramayana and Mahabharata. We must endeavour to achieve this goal of Swami Vivekananda in a peaceful, legal way or through reconciliation among the people of different race, religion and caste.

Brothers and sisters, these are the vision of Swami Vivekananda for the future of our country as I have gleaned from books. Now let me conclude with Swamiji's meaningful words for the development of our country today.

"Trust not the **so-called** rich, they are more dead than alive. The hope lies in you — in the meek, the lonely but the faithful." Here please mark the word "Faithful". Be faithful to yourself and **to the country.** Surely, Swami Vivekananda's vision for future India would be realised.

And finally before I say enough for now, let me strongly recommend a book titled *'Indian Culture'* by Dr. S. Srikanta Sastri in Kannada and English. It is about Indian History, Culture and Heritage. There in the timeline of cultural evolution, the year 10,000 BC, is mentioned as the dawn of vedic age. Significantly it also mentions 1800-1857 as the milestone when Ramakrishna Paramahamsa and Swami Vivekananda were born giving an impetus to our cultural evolution.

So like the monks of Ramakrishna Ashram and Mutt, who are the foot-soldiers of Swami Vivekananda, let us become Swamiji's foot-soldiers and help in realising his vision.

Birmingham, Aug. 6- Wrestlers Bajrang Punia, Sakshi Malik and Deepak Punia increased India's gold medal haul at the CWG 2022 in style yesterday.

In the men's 65kg final, Punia defeated Canada's Lachlan McNeil while in the women's 62kg final, Malik beat Canada's Ana Godinez Gonzalez.

Then in the men's 86kg final, Punia beat Pakistan's Muhammad Inam.

Earlier, India's Anshu Malik clinched silver after losing to Nigeria's Odunayo Folasade in women's 57kg final while Divya Kakran (women's 68kg) and Mohit Grewal (men's 125kg) won a bronze medal each.

Indian badminton star P.V. Sindhu has entered the women's Singles quarter-finals while Kidambi Srikanth and Lakshya Sen have entered the quarter-finals of men's Singles.

Bhavinaben Patel reached the final of the women's Singles para Table Tennis classes 3-5.

In Table Tennis, Manika Batra lost in the women's Singles quarter-finals. However, three Indian male Table Tennis players including Achanta Sharath Kamal entered the quarter-finals of men's Singles.

Star sprinter Hima Das finished third in her women's 200m semi-final but could not advance to the final. The Indian women's Hockey team lost to Australia in the semi-final.
